Position
The Great Lakes Commission-Sea Grant Fellow will work with members of the Great Lakes’ science, policy and information/education communities to advance the environmental quality and sustainable development goals of the Great Lakes states. In so doing, the Fellow will contribute to and benefit from research coordination and policy analysis activities. The Fellow will be located at the Great Lakes Commission offices in Ann Arbor, Michigan. This will be the 17th year this fellowship has been sponsored by the Great Lakes Commission, the National Oceanic and Atmospheric Administration’s (NOAA) National Sea Grant College Program and the Great Lakes Sea Grant Network.

Assignment
The length of assignment is for one year and is non-renewable. The inclusive dates of the official fellowship are June 1, 2016 through May 31, 2017; however, start and end dates are negotiable to accommodate academic semester or other recipient needs.

Eligibility
Eligible applicants include those who, at the time of application, are enrolled as a degree-seeking student in a graduate or professional degree program in public policy, public health, natural resources, aquatic sciences or related field at a U.S. accredited institution of higher education in the United States.
